

GG4 Delivering the homes Londoners need

To create a housing market that works better for all Londoners, those involved in planning and development must:

- A ensure that more homes are delivered
- B support the delivery of the strategic target of 50 per cent of all new homes being genuinely affordable
- C create mixed and inclusive communities, with good quality homes that meet high standards of design and provide for identified needs, including for specialist housing
- D identify and allocate a range of sites to deliver housing locally, supporting skilled precision-manufacturing that can increase the rate of building, and planning for all necessary supporting infrastructure from the outset
- E establish ambitious and achievable build-out rates at the planning stage, incentivising build-out milestones to help ensure that homes are built quickly and to reduce the likelihood of permissions being sought to sell land on at a higher value.
